AREL INTERIOR DESIGN

Hotel Project

INTERIOR DESIGN

Develops aesthetic and functional interior designs for residences, hotels, hospitals, offices, and commercial spaces.

CUSTOM FURNITURE PRODUCTION

Produces high-quality, long-lasting furniture tailored to project-specific dimensions and materials.

TURNKEY PROJECTS

Manages the entire process from design to implementation, delivering complete and ready-to-use living spaces.

SPACE CONSULTING

Provides professional guidance on the selection of materials, colors, and spatial planning.

DOMESTIC AND INTERNATIONAL PROJECTS

Delivers prestigious projects not only in Turkey but also in various countries around the world.

ABOUT US

Established in 1960, Arel has a deep-rooted experience in the furniture and interior design industry. With its fully equipped production facility, the company carries out all woodworking, metalwork, upholstery, and painting processes in-house—ensuring the highest level of quality, consistency, and production control. Supported by a high-capacity machinery park, expert engineering team, and professional architectural staff, Arel manages every project from large-scale hotel developments to boutique productions on a turnkey basis.

Arel Interior Design delivers unique concepts for luxury hotel and interior projects, adding aesthetics, functionality, and premium quality to every space. All furniture and custom-made products are manufactured in Arel's own facilities in accordance with international standards.

Arel Garden produces high-quality outdoor furniture designed to withstand outdoor conditions. Each collection is crafted in Arel's factory with a focus on durability, comfort, and aesthetic harmony.

Arel Bedding is one of the leading brands in the production of mattresses, bases, and headboards. Prioritizing health and comfort, all products are manufactured with the latest technologies and meticulous craftsmanship within Arel's production lines. Bringing architecture, design, production, project management, and implementation under one roof, Arel continues to be a reliable solution partner in international projects. With its innovative approach, strong attention to detail, and commitment to high-quality standards, the company continues to deliver projects that shape the future.

AREL INTERIOR DESIGN

Hotel Project

An aerial photograph of the Rixos Premium Tekirova resort. The resort features a large, irregularly shaped turquoise swimming pool that occupies the central portion of the image. In the middle of the pool is a small, circular island with a building that has a brown tiled roof and white structural elements, surrounded by palm trees and other tropical plants. The pool is bordered by modern resort buildings with light-colored facades, large windows, and terraces. Some buildings have flat roofs, while others have slightly pitched ones. The resort is nestled in a lush, green landscape with dense trees and shrubs. In the background, there are rolling hills and mountains under a clear blue sky. The overall atmosphere is one of a luxurious and serene vacation destination.
